Brighton	about 20 min	38 nm	44 mi
Newquay	80–105 min	192 nm	221 mi
Penzance	95–120 min	218 nm	251 mi

HOW TO READ THIS CARD

Typical airborne minutes from London Heliport, Battersea, in a typical helicopter, taken from Battersea Helicopter's published flight-times table. Real times depend on the aircraft, the wind and air traffic routing, and they leave out ground time. Distances are straight-line nautical miles (1 nm = 1.15 miles). Brighton, Epsom Downs and Paris have a single typical time.
